

# Parental Feedback 2015

**This year we have worked with our Parents and Carers to evaluate certain aspects of our partnership with home.**

**We have sent out several questionnaires and surveys around key areas of interest.**

**Our feedback has been extremely positive and some of our findings are highlighted on this poster.**

**The opinions of our Parents and Carers matter greatly to us. Our Link workers are always keen to hear any ideas on how Silverdale School can improve the way we work with our pupils and families.**

*74% of our parents agreed that school staff explain to them how they can help their child at home.*

*97% of our parents agreed that they are kept well informed about how their child is getting on at school*

*94% of parents were happy with the information they received from school*

*95% of parents agreed that the information they receive from school about their child's learning and progress is useful*

*90% of parents agreed that the information they receive from school about their child's learning and progress is relevant*

*90% of parents agreed that the school seeks their views and takes account of their suggestions.*

*94% of parents felt that the arrangements to enable their child to settle in well were good.*

*100% of parents were happy with the contact they have with school.*

*100% of parents felt they received a warm welcome when they visited the school*

Parents tell us they are happy with the transition support they receive from Link workers when their child moves through the school.

Parents tell us they do not feel Silverdale staff can support more than they already do when a pupil transitions to a new school.
